126. Elmhurst Center for Health, Elmhurst Hospital
127. Elmhurst to Hinsdale would be simple for example
128. Elmhurst, Villa Park & Addison
129. Express bus between Oak Brook Mall/office towers and closest train station  
to Metra (Hinsdale appears to be closest). We have many people that work  
in our company that live in the city of Chicago that would consider bus  
service if it was an express service to the express trains. The current bus  
routes to a train station from Oak Brook are much too time-consuming and  
inconvenient. The proposed service plan doesn't seem to consider linking  
the fastest routes for point to point longer distance travel.

New urgent care facility on south Main St. Villa Park has dept. of human services office on Roosevelt Road. York township offices need access. Also access DuPage/DuPage community clinic office on north Villa Ave.(?) is a must serve area. They also have a office on Roosevelt Road in Wheaton that uses the Pace 747/715 bus. Most towns have some commuter bus service or a Pace suburban route nearby but all of them need something hooked to the big picture!!! Pace is great but it runs at odd times for fun stuff. The cab service out here is just getting up to a level of respect that is near rural proportions..... yikes don't be afraid to c
194. Lombard--from Metra to shopping areas on Roosevelt Rd
195. Lots of senior citizens need to get out but they are forced to stay in home. Family and friends usually too busy to provide trans for just to go out for a ride.

236. Naperville, St. Charles, Geneva, Shamburg
237. Naperville, Warrenville, Winfield
238. Neither DuPage or any place else can successfully have a mass transit system without a regional approach. There is a Pace bus that runs up and down Arlington Heights Road but it only goes to the Itasca train station. Before it got there it went through the industrial park. Took ½ hour to get to the Itasca train station which is in the next fare zone. To go north would have added 1 ½ hours to the commute each way. My point? Passports are not required to go from Cook to DuPage.

**Please list any specific destinations in other areas that should be served.**

- 1. 1.) Hospitals. Elmhurst Hospital has no Pace connection between the hospital and the train station. Not much incentive to take the train when you will need to walk a mile from the station to the hospital. There is no public transit from my home to CDH. It is difficult for seniors to make a trip to the hospital to visit a spouse if they must depend on taxi service. 2.) Train Stations. There is no pedestrian connection between my house in the Prairie Meadows subdivision of West Chicago and the Metra Station.

285. How about regular round trips from shopping center to shopping center i.e. Downtown Glen Ellyn to Roosevelt Rd. to Yorktown to Oak Brook Shopping Center etc.
286. I AM WHEELCHAIR BOUND AND DEPEND ON THE VAN FOR MANY OF MY TRANSPORTATION NEEDS AND WAS VERY DISHEARTENED TO FIND OUT RECENTLY THAT MY HOME IN INCORPORATED WHEATON IS NOT INCLUDED IN THE ADA SERVICE AREA. THIS LIMITS MY TRANSPORTATION DESTINATIONS TO MILTON TOWNSHIP. IT ALSO IMPACTS MY ABILITY TO GET TO WORK WHEN I NEED TO BECAUSE THERE IS NO PRIORITY GIVEN TO THOSE WHO NEED TO GET TO WORK. FOR EXAMPLE IF THOSE INDIVIDUALS WHO WISH TO GO SHOPPING OR VISIT A FRIEND SCHEDULE THEIR RIDE BEFORE I DO I CANNOT GET TO WORK. THE RULES PROHIBIT ME FROM SCHEDULING ROUTINE WEEKLY PICK-UPS TO AND FROM WORK. PLEASE HELP THE 25% OF DISABLED PEOPLE WHO HOLD JOBS TO KEEP THEM!
287. I cannot answer this, sorry, I am not sure about it. My guess is that it should cover major roads like Roosevelt, Army Trail, & Gary
288. I live in Downers so I would like to see some continued bus service, whether it be Downer's own or this. I am near 75th & Fairmont and must take the Downers bus everyday. That is exactly why I moved to where I did, I knew Downers had bus service to the train. If they didn't, I wouldn't have moved here.
289. I live in Warrenville, therefore a route in and out of Warrenville would be fitting for me. Something close by anyway.....
290. I take the Metra from downtown Chicago to the West Chicago train stop. I work at the corner of Faybian and Kirk. I would like a bus to run from the West Chicago train stop and out onto Washington/Fabian.
291. I think Ogden Ave. would be a prime location for bus service. I think it would be great for Lisle and Downers residents. They should also have service connecting from Ogden to some of the train stations streets. I'm not sure of all the street locations for the train stops. But I'm sure it would be helpful to a lot of Metra customers.
292. I think that it's not so much as the destinations, but I think that the times of the bus schedule should be extended. There are a lot of people that work on Sunday and have no way of getting back and forth to work.
293. I think that it's not so much as the destinations, but I think that the times of the bus schedule should be extended. There are a lot of people that work on Sunday and have no way of getting back and forth to work.
294. I work at 700 N Wood Dale Rd. On weekends, especially, I don't have a ride so I have to take an 18 minute walk from the Metra train to and from work and sometimes there are bad weather conditions.
295. I WOULD LIKE TO SEE A BUS RUN ON OGDEN AVE. IT IS HARD TO GET AROUND WITHOUT A CAR, IF YOU HAD TO GO ON OGDEN AVE.

296. I would like to see a Butterfield Road Bus service from Cook County into DuPage County and back.
297. I would like to see convenient bus service everywhere. Need enough riders to make it feasible.
298. I would use the Pace bus if it went from Lisle to Oak Brook where I work, but the pick up area would need to be within walking distance to my house.

572. There needs to be a bus from a train station on the Elgin line to the Aurora line. It would remove much of the hassle traveling between towns in DuPage.
573. There should be a bus from College of DuPage to the Glen Ellyn train station after 7 pm. A lot of students take night classes and have no way to get back home after their class ends at 9 p.m. or 10 p.m. The last train to Chicago is 11 pm and the last train from Chicago is around 1 am. Shouldn't there be a bus to accommodate that? There are no buses that run down North Avenue and they have expanded that road, shouldn't there be a bus to go on some route like in Chicago downtown? It could serve many communities like Elmhurst, Addison, Villa Park, Lombard, Glen Ellyn, Bloomingdale, and St. Charles. I see no buses run down Irving Park Road to accommodate the Metra stations in Wooddale, Itasca, and parts of Elk Grove Village. There are no buses that run down Lake Street in Addison, could a

669. Wheaton! For jury duty I needed to take the Downers Grove commuter bus to the DG Main St. station, took BNSF to Chicago, then switched to Olgilvy train station to take the train to Wheaton and then take Pace. It was a long haul. Wheaton should be served by every town in DuPage County! I use

Pace occasionally on Main Street/Lamont Road. Usually once a year or less due to the inconvenient schedule. It does not match up with the train service to/from downtown Chicago.

- 672. Whenever I see Latinos riding bicycles on North Avenue and Rte. 38, I think there should be buses in West Chicago, but I'm not sure the exact destinations - you would have to ask them - it looks like you are you are conducting this survey in Spanish as well, so that is good. I interned at the DuPage County Health Department a few years ago. It seems like there should be a way to get to the DuPage government complex by bus if you are coming from the west. I am fortunate to have enough to be close enough to walk to the train station, but I imagine a commuter shuttle serving some of the new developments in West Chicago and Wayne would be useful.
